Sports Premium Report and Action Plan

This plan aims to improve the quality and breadth of P.E. and Sports provision for all children and provide on-going CPD staff.

At St Paul's we believe physical exercise and physical education are important. By developing a balanced programme offering a variety of activities children will develop their fitness, gain a broad spectrum of skills; and team skills to participate in sport and exercise throughout their childhood and beyond.

We aim is to raise the aspirations of all pupils regardless of athletic talent, physical and mental abilities or disabilities encouraging them to acquire motor skills to perform a variety of physical activities in order to pursue a healthy and active lifestyle. Our provision will provide children with the skills, confidence and relevant experiences to succeed at their chosen level and discipline and inspire them to rise to the challenge of competition.
